

INFO-DOC - MATERIALS TESTING SERVICES

Baskin Associates is a full-service support agency that specializes in helping clients manage risk through total quality management. Baskin Associates uses a clear and structured approach to identify risk and develop plans, products and services for our clients to reduce potential losses

To support clients in managing risk, Baskin Associates operates a state-of-the-art laboratory which has achieved **CCIL** certifications to **CSA** A283 Concrete Testing - Category 1, and ASTM Aggregate Testing - Type C.

To meet the needs of remote sites Baskin Associates designed and built a number of industry leading **Mobile Testing Laboratories**. Having results immediately on site minimizes the risks and costs associates with reconstruction and delays.
